

## ENDS & TRENDS WITH KIM AND KAREN

**Karen's Crafting Trend:** Washi tape is decorative tape that's used in crafting and creative projects. The tape originates from Japan. If you haven't seen it, it's simply masking tape made out of paper with colorful designs and patterns that make it fun to play with.

I love using washi tape in adding a splash of color and pop to cards or in wrapping gifts. I've seen people use a combination of them in scrapbooking.

Washi tape comes in a variety of colors and designs. They're also available in a range of widths and lengths. You can find washi tape online and at craft stores. For ideas and creative projects, take a look at Pinterest to see how some crafters have taken washi tape to a whole new level!

Happy crafting!
